General Manager, Keller Equipment Supply

Quality products  
with the best  
customer service.

In order to bring you unsurpassed quality and reliability with our offerings, Keller Equipment will only partner and supply with the "Best in Class" manufacturers in their fields.

BEST IN CLASS

**FILL-RITE**

## Fuel Dispenser

### iX Fleet™

#### Fuel Management System

In a class of its own, the Wayne Select Series harnesses leading technology and combines it with durable construction to bring you high speed, dependable fueling capabilities.

Powerfully equipped with cutting-edge electronics, the latest metering technology and field-proven components, the Select Series not only decreases fueling time significantly, it provides reliable functionality and easy management.

# PetroVend Solo & Pro

OPW Fuel Management Systems' PV Family of Fuel Control Solutions delivers secure, accurate and reliable fuel tracking for 24-hour unattended fueling operations of every size.

Anchored by OPW's state-of-the-art Fuel Island Terminals, Fuel Site Controllers and Fuel Management Software, the PV Family's PV Solo, PV Pro, PV Enterprise and PV Enterprise Plus packages provide a "right-sized" fuel control solution to meet the level of functionality needed by your commercial application.

## The Future of Fuel Control

# DEF Storage and Dispensing

**Discover a new dimension of fluid handling with the Piusi Three25.**

The Piusi Three25 features a complete, turnkey system that gives users the ability to safely dispense their UREA fluids.

**The world's leading manufacturer of safe, reliable DEF equipment.**

Blue1USA has the right storage and dispensing size solutions for small or large SCR fleets in every vocation.

# Nextec Intelligence™

Fuel Transfer Pumps

***FILL-RITE***

Nextec Intelligence™ is an exclusive array of design advancements, technologies and user functionalities that take pump performance to unprecedented levels. Intelligent Tones™ inform when attention is needed.

A variable speed motor automatically adjusts for peak performance with improved suction lift. More compact, lighter, and less amp draw—it sets a new standard for efficiency.

# PRO20-115 Series

## Fuel Transfer Pumps

Impressive 20 GPM flowrate for stationary tank applications. Ideal for fleet, agriculture or industrial applications.

**Features:** Extended Duty Cycle exceeds the industry standard. Weight centering inlet base includes pressure relief and easy strainer access. Field replaceable switch and vanes. Tank Adapter included. Thermally protected motor. Vacuum Breaker Ready. Extreme Temperature Series (XTS) models available.

WinAlign® HD Alignment Systems

TCX625HD Heavy-Duty Tire Changer

## Tire Service Equipment

**Hunter Engineering Company® is the global leader in alignment systems, wheel and tire service, brake service and inspection lane equipment.**

Hunter® equipment is approved and used by vehicle manufacturers, automobile and truck dealers, tire dealers and service facilities around the world.

Over 350 patented inventions from the largest wheel service product in the world.

ForceMatch® HD Balancer

**HUNTER**  
Engineering Company

Heavy Duty Four Post Lifts
