Wayne Select

Fleet Fuel Dispensers

In a class of its own, the Select electronic fleet dispensers are equipped with the same cutting-edge electronics, extra-large displays and latest metering technology as our premium retail dispensers. Combined with rugged construction, the result is long-lasting, high-performance solutions for both underground and aboveground storage tank fleet fueling applications. Common components with our retail dispensers provide additional benefits of readily-available service parts and technicians nationwide.

DEF Storage & Dispensing

Discover a new dimension of fluid handling with the Piusi Three25.

The Piusi Three25 features a complete, turnkey system that gives users the ability to safely dispense their UREA fluids.

The world's leading manufacturer of safe, reliable DEF equipment.

Blue1USA has the right storage and dispensing size solutions for small or large SCR fleets in every vocation.

PetroVend

PV300E

OPW Fuel Management Systems' PV Family of Fuel Control Solutions delivers secure, accurate and reliable fuel tracking for 24-hour unattended fueling operations of every size.

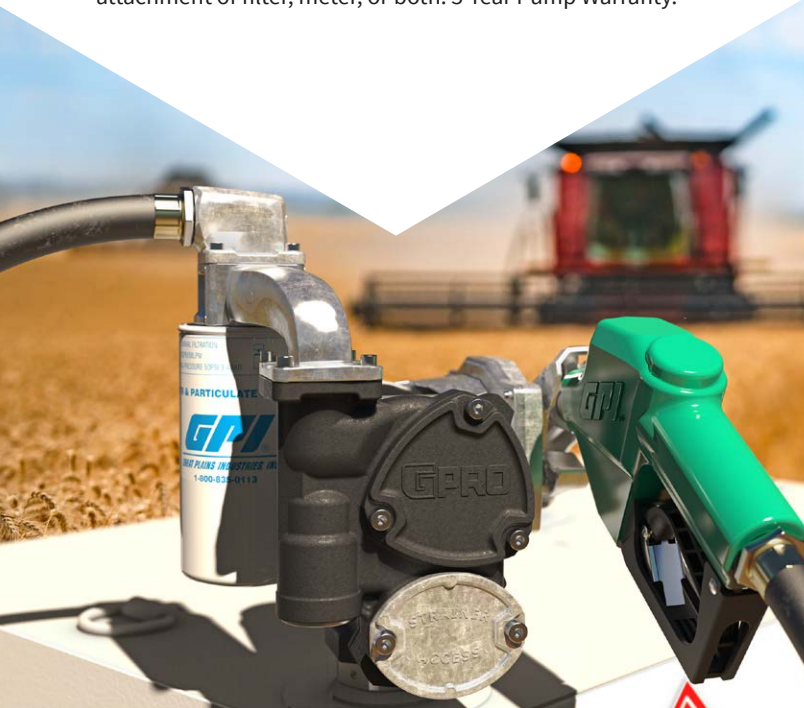

The Future of Fuel Control

An all-in-one insert-style unit with a 7-inch touch screen and alpha entry. Featuring sleek design and easy operation, the PetroVend® 300E (PV300E) terminal is engineered for maximum payment flexibility, the PV300E includes Tap-n-Pay options for contactless cards and ApplePay/Google Wallet transactions. Secure EMV processing direct from the terminal, eliminating point-of-sale (POS) or fuel site controller PCI updates from the scope.

GPRO® V25 Series

Fuel Transfer Pumps

The GPRO V25 series is the next-generation modular vane pump. 12V DC motor delivers up to 25 GPM (94 L/min). It's fast and flexible; able to load up to 750 gallons of fuel uninterrupted, with a quick-fit modular system that allows easy, leak-free attachment of filter, meter, or both. 5-Year Pump Warranty.

Fill-Rite's 300 Series

Fuel Transfer Pumps

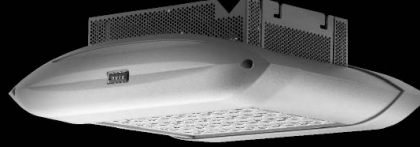

The FR310VB model is a 115/230V AC, 35 GPM, heavy-duty fuel transfer pump and are built to last with cast-iron construction. Limited Lifetime Warranty. This pump and accessory bundle comes complete with a hose, nozzle, and installation components.

FILL-RITE

The CREE CXB Series

The Cree Edge™ Series

Cree has the industry's widest portfolio of lighting-class LED components optimized for outdoor lighting, delivering industry-leading lumen density, reliability and efficacy.

The CPY250™ Canopy

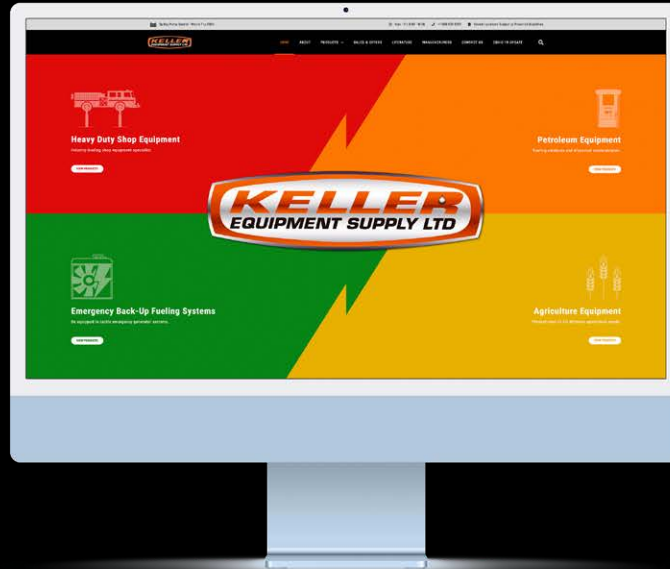

EnviroLube is a quicklube/vehicle service system comprised of manufactured fiberglass modules specifically designed for drive-through service in auto dealerships, quicklubes and heavy-duty facilities.

Environmentally friendly, the unique patented design helps prevent oil, grease, and other contaminants from leaking into the soil.
